UPDATE ON TESTING RESULTS FOR THE ADDITIONAL LOW-RISK TANKS TEST

The Board of Directors ("**Board**") of Cordlife Group Limited (the "**Company**" and together with its subsidiaries, the "**Group**") refers to its announcements dated 8 April 2024 and 25 March 2025 relating to, among others, the Company sending over 200 samples of donated cord blood units ("**CBUs**") from the five (5) cryogenic storage tanks under investigation by the Ministry of Health which were found to be at low risk of being adversely affected by temperature excursions ("**Low-Risk Tanks**"), for testing across multiple third-party laboratories ("**Additional Low-Risk Tanks Test**").

With reference to the above, the Board wishes to update that it had received the full results from the Additional Low-Risk Tanks Test ("**Additional Low-Risk Tanks Test Results**") as of 25 March 2025. The Company is, together with its professional advisers and specialists, in the process of performing a technical analysis on the Additional Low-Risk Tanks Test Results.

The Company will update its shareholders and the investing public if there are any material developments in relation to the above, in accordance with the requirements of the listing rules of the Singapore Exchange Securities Trading Limited.

In the meantime, shareholders of the Company and potential investors should exercise caution when dealing in the shares of the Company. They should consult their stockbrokers, bank managers, solicitors, or other professional advisers if they have any doubt about the actions they should take.

By order of the Board
